- Natural Satin Anodized
 313 Dark Bronze Anodized
 315 Black Anodized
 Other _____

Housing

- Natural Anodized
 313 Dark Bronze Anodized
 315 Black Anodized
 Other _____

Special Comments

Note 1

Dimensions for determining illuminated area are calculated by subtracting 4-3/8" from both the directory's standard height* and width.

Height _____ - 4-3/8" = _____ (Illuminated Area) Width _____ - 4-3/8" = _____ (Illuminated Area)

Note 2

Composite glazing (i.e. Acrylic, Lexan, etc.) is not used. These materials are not as strong as tempered glass, they are more vulnerable to scratches and expansion enhances imperfections in their natural uneven and wavy surfaces.

† NS35 copy length is 2-1/4". Copy height is limited to 1/8" (approximately 23 characters.)

†† NS55 copy length is 4-3/16". Copy height should be specified to fit within this area.

* Standard directory heights are based on available lamp lengths.
